Easiest way to keep your customers
in the loop about your product

HTML ▼

```
1 <body id="bodyWrapper">
2
3
4 <input type="submit" onclick="changeTheme()" value="Change Theme" />
5 <h2>
6   This is heading of the web page
7 </h2>
8 <p>
9   Content of the web page goes here in the form of a long paragraph.
10 </p>
11 <span>This is the end of a web page</span>
12 </body>
```

JavaScript + No-Library (pure JS) ▼

```
1 function changeTheme(){
2
3 if(document.getElementById('bodyWrapper').style.backgroundColor == "black"){
4   document.getElementById('bodyWrapper').style.backgroundColor = "white";
5 }
6 else{
7   document.getElementById('bodyWrapper').style.backgroundColor = "black";
8 }
9 }
```

CSS ▼

```
1 *{
2   margin: 12px;
3   padding: 12px;
4   color: brown;
5   font-family: Segoe UI;
6 }
```

Change Theme

This is heading of the web page

Content of the web page goes here in the form
of a long paragraph.

This is the end of a web page
